Please pay on the day by cash or cheque. *Invoice available on request for funded places

ABOUT THE DAY

Since its' radical beginnings in the late 80s, HVN has seen, and been a part of, a sea change in the psychiatric system.

Hearing Voices Groups are an accepted form of support for people who hear voices or see visions. **With this success comes a challenge** - how do we move forwards and sustain the spark and innovation that has helped to make us so strong? How do we form partnerships and hold on to what makes us unique?

This exciting one day conference is an opportunity to unite, celebrate our achievements and, together, envision a reality where people who hear voices, see visions or have other unusual perceptions are understood and accepted.

Hosted in partnership with:

c/o Sheffield Hearing Voices Network, Limbrick Centre, Limbrick Road, S6 2PE
