Voices Out

A LGBTQIA+ Hearing Voices Group

Voices Out is a UK based online hearing voices group for LGBTQIA+ people.

All LGBTQIA+ people who: hear voices, have visions, have beliefs that others find strange, or have other unusual experiences are welcome to join us in a small group discussing our similarities and differences of voice hearing while also being LGBTQIA+.

The group in respectful and is strictly confidential.

We meet online at 5.30pm (UK time) on the second Tuesday of even months (e.g. February -2, April - 4). Those questioning their identity are welcome. While allys are greatly appreciated, we ask that you do not attend and respect the need for self defining gatherings.
